

Dear household

Firstly, I would like to thank all those who came to our drop-in session that we held last month. I enjoyed meeting patients and residents and found the discussion we had and listening to your views, feedback and concerns very helpful.

We appreciate that some residents and patients were unable to attend the last update session, so we are holding another one.

You are invited to attend this update session at **6pm on Wednesday 16 July 2025 at Felton Village Hall, Main Street, NE65 9NH**. The format of the last session worked really well, so during the first hour of next week's session, I am going to give a verbal update and an opportunity for you to ask any questions. The practice team will then be available to answer any further questions until 8pm. We will also have plans of our refurbished surgery for you to see.

As I said at our last session, we are committed to keeping primary care services in Felton village and to increase provision however we can. This also involves considering how we work with the community and voluntary sectors. Your feedback on this would be appreciated. Please see below our planned provision for the rest of this month – you will notice increased GP sessions. We will update you on clinics going forward, after July, in a newsletter we promised to send out.

A district nurse runs a clinic every Monday. An allied healthcare professional runs a clinic every Friday.	

We are very pleased that we now have a confirmed plan going forward for the refurbishment of our Felton practice and if you have any questions, please don't hesitate to get in touch by emailing nencicb-nor.widdringtonandfelton@nhs.net.

Yours faithfully
